SUBJECT { GENERAL Administrative/General  
SPECIFIC Budget

*GRCCROOND/Supp.*

Reference: MEM 86832, 20 February 1957

- Action Requested:
1. Notify Headquarters of estimated GRCCROOND obligations for FY 1957.
  2. Prepare a review of project GRCCROOND activities per para 3 below.
  3. Prepare a detailed financial estimate per para 3 below.

1. In MEM 86832 (20 February 1957) it was estimated that expenditures for Project GRCCROOND for FY 1957 would amount to \$8950. However, the monthly report forwarded with WNA 2623 (9 April 1957) shows that \$8500 has already been obligated for Project GRCCROOND up to 31 March 1957. This leads us to believe that an additional amount, above and beyond the estimated total of \$8950.00, will be required to carry the project through FY 1957. Please send us soonest your estimate of the additional amount, if any, needed to carry the project through FY 1957.

2. As you know, the approved Project GRCCROOND authorizes the expenditure of \$23,000 for FY 1957. The discrepancy between the authorized expenditures and the probable actual cost (which we assume will not exceed \$12,000 for FY 1957) is far too great and when the project comes up for renewal (which will be 30 June 1957) we wish to bring the budget request down to realities.

3. As Project GRCCROOND will have to be renewed before 1 July 1957, we request that, in accordance with para 7 of FR No. 236.1, you prepare a review of the project's activities in the past year, devoting one section to a statement on plans for the future conduct of the operations administered under this roof project. Please also furnish us with a breakdown of the estimated expenditures for FY 1957 for each sub-project per category, such as: salaries, travel, supplies, support, contingencies, etc.
